## ACA Connects Statement on the Anticompetitive Sports Streaming Juggernaut

**February 7, 2024** – ACA Connects President and CEO Grant Spellmeyer released the following statement regarding yesterday’s announcement that Disney, Fox, and Warner Bros. Discovery plan to launch a new sport streaming service.

“The ‘house of cards’ in the video marketplace continues to wobble. Allowing the biggest media players to join forces—while locking out traditional linear cable providers from offering the same package at the same price—only gives even more power and leverage to the Goliaths to extract more money from customers of ACA Connects Members. This clearly isn’t a functioning free market. With customers facing higher prices and fewer affordable choices, there needs to be a level playing field.”

. . .

**About ACA Connects: America’s Communications Association** –America’s Communications Association – ACA Connects is a trade organization representing more than 500 smaller and medium-sized, independent companies that provide broadband, video, and phone services covering 31.9 million households, 7.3 million of which are located in rural and smaller suburban markets across America. ACA Connects Members operate in every state, providing advanced communications to connect homes, companies, main street, schools, hospitals and more. America’s economic prosperity in smaller communities and rural areas depends on the growth and success of ACA Connects Members, who believe a connected nation is a prosperous nation.
